

Welcome to the Institute for Specialized Medicine (IFSMED). We are pleased to have you as a patient and we are committed to providing you with exceptional medical care. We are a unique practice, utilizing state-of-the-art diagnostic and treatment protocols as well as a broad spectrum of additional services. In order to best serve you, we want you to be fully informed of our financial policies prior to your first visit. Please read and initial each section below, indicating your understanding and agreement with each statement.

\_\_\_\_\_ I understand that a co-pay does not cover all expenses incurred during an office visit and that I am responsible for all co-payments, deductibles, and co-insurances. I am also responsible for all charges for services/supplies that are non-covered or deemed experimental, investigational, or not medically necessary. Any services rendered or tests performed may or may not be a covered benefit of my insurance plan and it is my responsibility to verify coverage.

\_\_\_\_\_ I understand that diagnostic ultrasound is recommended for all new patient appointments and is a procedure that is billed separately from the office visit co-pay, resulting in additional charges. Each joint or body part that is viewed through ultrasound is billed as a separate, additional charge. I understand that in-office diagnostic ultrasound may or may not be a covered benefit on my insurance plan and it is my responsibility to verify coverage.

\_\_\_\_\_ I understand that IFSMED processes outside lab tests through LabCorp who will bill me separately for their lab services. It is my responsibility to verify if LabCorp is contracted or in-network with my insurance policy. If they are not, I will notify IFSMED if I want my lab work completed at an alternate lab.

\_\_\_\_\_ I understand that appointments at IFSMED are in high demand. Please contact us 48 hours in advance if you must cancel your appointment. Your first missed appointment will be charged a \$25 no call/no show fee if you choose not to arrive on time or keep your appointment without notification. Two consecutive missed appointments without notification will incur a \$50 fee and three consecutive missed appointments without notification will incur a \$75 fee.

\_\_\_\_\_ I understand that any self pay, fee-based services or products require full payment at the time of service. This includes, but is not limited to, alternative therapies, supplements, and non-covered products and services. This also includes all services rendered to Private Pay patients who do not have insurance.

\_\_\_\_\_ I understand that if I have not yet met my deductible AND out-of-pocket, IFSMED will collect a deposit of \$600 (in addition to my co-pay) prior to being seen for an initial visit. This deposit will be applied to my account for coinsurance and other charges incurred. In the event that there are funds remaining on my account at the end of the calendar year, IFSMED will provide me a full refund of the remaining balance. I may also request to have that balance carried on to the following year.

\_\_\_\_\_ I understand that if I have not yet met my deductible, IFSMED will collect a deposit of \$100 (in addition to my co-pay) for any follow up appointment prior to being seen for my visit. This deposit will be applied to my account for coinsurance and other charges incurred. In the event that there are funds remaining on my account at the end of the calendar year, IFSMED will provide me a full refund of the remaining balance. I may also request to have that balance carried on to the following year.
